EDITED BY MALVERN DIMMICK.

Next Thursday will be Thanksgiving day and a holiday for the schools.

On account of sickness the attendance has been somewhat irregular of late. But few pupils have been absent from school for other reasons.

Some of the departments have been having many cases of tardiness. Stringent measures will be enforced against all who are tardy without justifiable excuse. A good sentiment against tardiness is beginning to show itself and it will do much good in this direction. School opens promptly at 9 o'clock every morning. Every pupil is due at school at that hour to the minute, and parents should see that their children start in time.

The Territorial association to be held in Phoenix has been postponed a week especially to accommodate the teachers of Coconino and adjoining counties. It will hold its first session Monday, December 26, and close its work on the 30th. This change in time will perhaps enable several teachers to attend who could not before have done so.

Last Monday morning James Stout visited the school and talked about twenty minutes to the pupils. He impressed them with the importance of forming correct habits, and building good and manly characters in early life. His talk was highly appreciated.

Killing Near Prescott.

A general shooting scrape occurred Friday of last week at the Trilby mine, near Prescott, in which Supt. Murphy, a man named Bruner and two others participated. Murphy was mortally wounded, Bruner killed and the other two slightly wounded. The trouble was over locating boundary lines of two mining claims. Over twenty shots were exchanged at close range. Murphy represented one Costello, an eastern capitalist, and well known in mining circles in Colorado, Montana and Arizona.
